 Visual & graphic design

TOOLS

 Figma  Power BI
 Photoshop  Illustrator
 InDesign  Miro
 Claude  Codex

EDUCATION

Sinclair College

Visual Communications
Associate of Applied Science
May 2018

EXPERIENCE

TEKsystems

Product Designer · Contract at Kroger

Merchandising

May 2025 – Present

- Design enterprise tools for Kroger's merchandising teams, translating business needs into user flows, wireframes, and mockups.
- Design Power BI reports and data visualizations to support merchandising analysis and decision-making.
- Conduct user interviews and usability testing to understand workflows and refine designs.
- Apply Kroger's design system and collaborate across roles through developer handoff.

Supply Chain

Mar 2023 – Feb 2025

- Led design for supply chain reporting tools, setting design direction with product managers, developers, and data analysts to support business goals.
- Translated complex operational data into dashboards and prototypes within Power BI's technical constraints.
- Facilitated usability testing, applied Kroger's design system, and supported developers through annotated handoff and implementation troubleshooting.

Mile Two

UX/UI Designer

May 2019 – Feb 2023

- Worked closely with AFRL and Navy teams on government projects, translating complex data and operational workflows into clear interfaces.
- Collaborated with subject matter experts, designers, developers, and human factors engineers to understand requirements and refine prototypes.
- Created user flows, wireframes, and high-fidelity mockups informed by research; presented designs to stakeholders and incorporated their feedback.

Intern

Aug 2018 – Apr 2019

- Supported UX/UI projects with visual design and graphic design work.
